

CLAIMS WIFE HAS GONE OUT WEST TO LIVE

Conductor Gephardt, Well-Known Railroad Man, Plaintiff in Divorce Case

REFUSED TO "KEEP HOUSE"

Suit for divorce was filed Monday morning in Superior Court by Frank C. Gephardt, prominent railroad conductor, living at 610 South 1st St., against Grace Gephardt, whose address is given as Hotel Virginia, Long Beach, Calif. They have been separated since July, 22, 1914. When, it is said, Mrs. Gephardt left for the West to take up literary work.

Abandonment is the chief charge on which Gephardt asks his matrimonial ties severed. He sets forth that without cause his wife left him more than two years ago and has not since returned. An affidavit, alleging that Mrs. Gephardt is now a non-resident of the state, was filed with the suit.

Gephardt states that he is home from his railway run every evening and night. He declares that two months prior to her leaving for the West, he asked Mrs. Gephardt to establish a home for them in Evansville. According to the complaint, he agreed to either buy or rent a home, but Mrs. Gephardt told him that she would not keep house.

Gephardt alleges that for some time previous to the separation, his wife would leave Evansville on short notice and remain away for long periods of time. He states that he was obliged to send her money while she was away.

They were married, according to the complaint, Sept. 16, 1891, and separated July 22, 1914. The suit was drawn up by Attorneys Frey & Wellman.—Journal-News.

FIRE IN MADISONVILLE MONDAY

Burns Ross Grocery and C. W. Lindsay's Pool Room—Partly Insured.

An early Monday morning fire in Madisonville destroyed the contents of the Ross grocery, C. W. Lindsay's pool room and Edwin Rash's radio, on East Center street. The fire is supposed to have originated from defective wiring on the ceiling over Lindsay's pool room. The stock and fixtures in both stores were consumed. The loss was partially covered by insurance.

Rev. Burton Returned to Earlinton

Rev. J. L. Burton, pastor of the local M. E. church, has been returned to Earlinton and the Earlinton circuit by the Kentucky conference of the Methodist Episcopal church. The circuit is composed of the Barnesley, Ooltown and Mt. Olivet churches, in addition to the Earlinton church. This will make the second year for Rev. Burton on this circuit.

Rev. W. W. Shepherd, formerly of Corbin, Ky., succeeds Rev. E. L. Shepard as superintendent of the Louisville district of the M. E. church. Rev. Shepherd was assigned to the West Covington church, at Covington, Ky.

INCREASE IN APPROPRIATION

For Work of Hopkins County Public Health League

P. M. MOORE GIVES ONE HUNDRED DOLLARS

The fiscal court made its appropriation last Saturday for carrying on the work of the Hopkins County Public Health and Welfare League. Last year the appropriation made by fiscal court was \$800. For the next year they have made the amount \$100 more or \$700. This is in keeping with the larger plans and purposes of the League for next year's work. The Madisonville City Council raised its annual appropriation to the League \$100 and made it \$400 this year. Just as we go to press we are informed by the visiting nurse that Mr. Paul M. Moore, who is president of the League, has wired his personal subscription of \$100 and a subscription for his son, John, for \$50.00.

A meeting of the Executive Committee was held in the offices last night. A systematic campaign is now on for members and several hundred persons are expected to join and pay the membership fee of \$1.00. Membership campaigns will be put on in all the towns of the county this week. Miss Williamson, the State installing nurse, will be in the county and will probably visit the various sections of the county and the towns in the interest of the Health and Welfare work.

Our people are enthusiastic over the work that has been accomplished by the League the past year, as evidenced by the liberality of the appropriations and the increases in them.

Let every good citizen join the League at once, pay the membership fee of \$1.00, and help in the splendid work of improving our health conditions, especially the eradication of tuberculosis and its care and prevention.

METHODISTS OPEN MEETING SEPT. 27

Louisville Conference to be at Franklin This Year

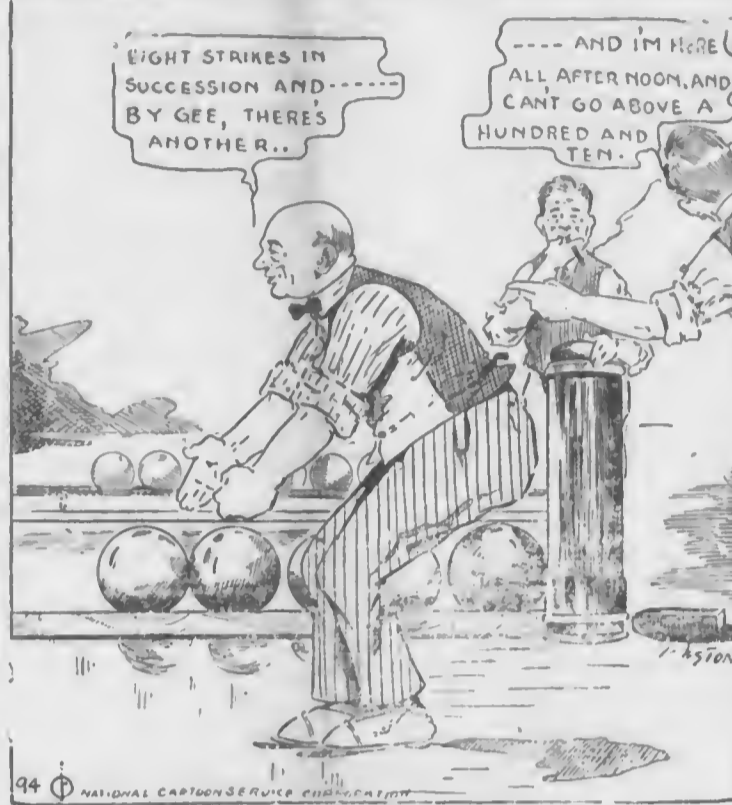

Princeton, Ky., Sept. 11.—The annual meeting of the Louisville Conference of the Methodist Episcopal Church, south, comprising the greater part of Western and Southern Kentucky, including the city of Louisville, will be held this year at Franklin, Ky., beginning on Wednesday, Sept. 27th, and continuing five days.

The church law, which prohibits a pastor from remaining at one place more than four years in succession, will cause a number of changes, among them being the following:

Rev. W. O. Brandon, Princeton; Rev. W. H. Archey, Adairville; Rev. J. H. Young, State Street, in Bowling Green; Rev. W. H. Cushman, Russellville Circuit; Rev. J. L. Piety, Campbellsville Circuit; Rev. S. K. Brooding, Elkhorn; Rev. R. F. Roberts, Falls of Rough; Rev. E. R. Bennett, Clay; Rev. R. V. Bennett, Corydon; Rev. W. A. Grant, Earlinton; Rev. G. A. Gailor, Morgantown Circuit; Rev. J. P. Vanhoy, Dundee; Rev. R. L. Tally, Livermore.

These Louisville pastors also will be changed: Rev. S. G. Miller, Broadway; Rev. Geo. E. Finkell, Beechmont; Rev. S. H. Lovelace, Jefferson street; Rev. R. B. Glider, Lander Memorial; Rev. J. W. Weldon, West Broadway; Rev. W. T. Miller, Rivers Memorial; Rev. H. R. Short, Oakdale; Rev. J. B. Gallo way, Louisville Circuit.

THOSE THAT HAVE-GET BY A-T. WESTON

REPUBLICANS CARRY MAINE

By Moose Aid.—Large Percentage of Progressives Voted for Millikin.

MCGILLICUDDY WAS DEFEATED

Millikin, Republican, was elected governor of Maine Monday by an estimated majority of about 10,000, and Congressman McGillicuddy, Democrat, appeared to have been defeated by about 500 votes. The larger per cent of Progressives voted for the Republican candidate. The Republicans also gain the lower house and hold the senate, and gain a United States senator. An unusually large vote was polled.

STAMP TAX DEAD

Sellers of Stock are Relieved From Burden Under New Revenue Bill.

New York, Sept. 11.—After exchanging telegrams with Washington, stock exchange authorities reached the conclusion today that under the war revenue bill signed by the president yesterday, sellers of stock, beginning today, will be relieved of the federal stamp tax of \$2 a hundred shares. Mark Eisner, collector of the Third International revenue district, announced today that the law requiring revenue stamps on contracts, and certain legal documents, were repealed by the new revenue law and that beginning today, no more stamps will be required on articles covered by stamp tax schedules A and B of the emergency war act of October, 1914.

WILL MAKE INSPECTION

The officials of the Dixie Bee Line Association will begin an inspection of the Dixie Bee Line south of the Ohio River on Tuesday, October 3. No doubt a big meeting will be held here and we should prepare to give the officials a rousing reception. Mayor Bosse, of Evansville, President of the Dixie Bee Line Association, will be in charge of the inspection.

ONE HUNDRED THOUSAND

State Guards will Lose Votes at November Election

Many soldiers serving on the border are losing their right to vote at the primaries and at the general election as a reward (?) for their patriotism and fidelity in time of national stress. These National Guardsmen, over a hundred thousand of them, were sent to the border to protect American citizens and American property from the raids of the bloodthirsty brigands across the Rio Grande. Each of them left positions in civil life which paid them many times the amount of their government pay. The sacrifices they have made are not small. And yet there is no governmental law which gives them the right to vote at their company stations for the civil officers who are to rule them when they return to their homes. The soldiers from a few states enjoy this privilege through state made laws, but the many do not. It is a shame, a disgrace, a travesty upon the vaunted justice of this country, and should be remedied without delay. The man who is willing to shed his blood for his country should not be deprived of his right to vote because of that willingness.

BEREA COLLEGE RECEIVES GIFT

Berea, Ky., Sept. 11.—Announcement was made yesterday by President Wm. Goodell Frost, of Berea College, of a gift of \$10,000 from the late James Talcott, of New York City, received shortly before his death August 21. Mr. Talcott and his family have long been interested in Berea's efforts to broaden the educational facilities for women of the Southern mountains. The gift was part of a total pledge for \$40,000 for erection of a girls dormitory, the work on which is progressing rapidly, with expectation that the structure will be ready for occupancy on January 1.

KENTUCKY TROOPS ARE WELL FIXED

They Are in Good Condition and Their Camp is Well Located.

HAVE PLENTY OF WORK TO DO

Fort Bliss, Tex., Sept. 11.—All of the organizations of the Kentucky Brigade, including the Field Hospital No. 1, Ambulance Company No. 1, and Signal Corps, are encamped at Fort Bliss, Texas. The Kentucky boys are located at the extreme southeastern part of the camp, with the first, Second and Third Regiments formed in a single long company street while the field Hospital and Ambulance Company are just east of Brigade headquarters. The several regiments and detached units arrived in good condition and were immediately retrained and transported to their camp sites. The arrival of our home boys brings the sum total of troops stationed at Fort Bliss to something like 100,000 men. Almost as far as the eye can reach, a regular city of tents, all laid out in order, may be seen. In the history of the United States there has never been before such a mobilization of troops in times of peace.

The location of the camp is about nine miles from the border itself. One may see easily the mountains in Mexico, and they cause not a little comment among the boys as to what they hide. Incidentally, comments are also plentiful concerning the type of country, the weather and other different articles of comfort which are available. Among the last may be mentioned snakes, lizards of all description and sizes, horned toads and centipedes.

CONGRESS IS OVER

Session, Which Passed Measures Aggregating Two Billion Dollars, Ends.

Washington, Sept. 8.—Adjournment of the first session of the Sixty-fourth congress at 10 o'clock this morning, without a hitch in the plans of the senate and house leaders, was quickly followed by a general exodus of members hastening homeward for rest or the national political campaign.

While the closing saw the administration legislative program mainly completed, some things to be continued at the winter session notably the reauthorization of the president's program of railroad legislation, which was partly enacted to prevent a threatened strike.

BOYS PLAN ANTI-CIGARETTE CLUB

Some of the smaller boys of Earlinton from 7 to 12 years of age are talking of organizing an anti-cigarette club. This is a good idea and every little snip-shooter in town should hasten to join such a club. I would be the best thing they ever did. Cigarettes sap the strength and will power of the tobacco addict, ruin the teeth and dwarf the intellect just at the time when nature should be making deep and lasting impressions for the future man.

CITY SCHOOL BEGAN YESTERDAY

Large Number of Citizens Were Present at the Opening.

ENROLLMENT 400 PUPILS.

The John B. Atkinson Memorial School opened yesterday under auspicious circumstances. There were quite a large number of citizens present in addition to the school board.

After assembling the various grades in the auditorium Prof. C. E. Dudley asked J. R. Rish to lead the school in singing that grand old song, "America." Rev. Connoway then read a chapter in the Bible and Rev. Grant led in prayer. The following citizens were then called on for short talks and all responded: Rev. Connoway, Rev. Grant, Jas. R. Rish, F. B. Arnold, Geo. Mothershead, Dr. A. O. Sisk and Ernest Newton. The talks were all uplifting and impressive along educational lines and the children who paid close attention were doubtless much benefited.

There is not a reason why Earlinton should not continue to have one of the best schools in the state. They have the talent in both the faculty and the children. All of the teachers, without exception, are members of the church and a number are Sunday school teachers. They seem to realize the enormous responsibility resting upon them and have never yet failed to respond to the demand for extra duty, such as teaching night school and doing other work, without extra pay. The citizens of Earlinton stand firmly behind the teachers in most cases, realizing that their children are now being shaped for the future and unless they respond to the opportunity now presented and secure an education they will in after years be hewers of wood and diggers of ditches for others.

As one of the speakers said all that is necessary for us to have the best school in the state is for everyone, teachers, pupils and parents to pull together and pull the same way and the thing is done.

GASOLINE MEASURE WILL BE MARKETING

\$50,000 Concern Will Make New Style Device For Handling Liquid

With an authorized capital stock of \$40,000 and shares at \$10 each, the Visible Measure Gasoline Dispenser Company filed articles of incorporation in the county clerk's office yesterday. The company will manufacture and sell measuring devices that show the amount of liquid dispensed. The debt limit of the concern is \$10,000. The incorporators with their holdings are: William Votler, thirty shares; William O. Votler, sixty shares; L. W. Wassmann and H. Kantelner, ten shares each.—Louisville Herald.

DIRECTORS MEETING

The regular October meeting of the Directors of St. Bernard Mining Co. will be held in the offices of the company at Earlinton, Ky. on Wednesday, Oct. 11, 1916. Dan M. Evans, Sec'y.

ANNOUNCEMENTS

For Congress

Hon. William T. Fowler

We are authorized to announce
Hon. William T. Fowler, of Chris-
tian County, as Republican candi-
date for Congress from the Second
Congressional District, subject to
the action of the voters at the gen-
eral election to be held Tuesday,
November 7, 1916.

Congress Must Enact New Laws

The conflict between the railroads
and their employees has served at least
one good purpose. It has convinced
the ultimate goats (the public at
large) that laws must be enacted to
prevent a recurrence of conflicts in
the future which have the possibility
of a paralysis of the commercial in-
terests of the country. Those laws
should be so drastic in their nature as
to force a course of moderation on
both sides of the controversy. The
people have rights, as well as the
railroads and their employees.

AMERICAN RIGHTS.

"No one could successfully present to an American audience that an American citizen's rights stopped with the coast line."

"There is not a particle of militarism in my composition, but there is Americanism in its place, and if elected I am going to see that American rights are protected."

LABOR.

"The workingman is not asking anything he should not have. All he wants is a square deal."

"No such thing as prosperity exists for just one class in America, unless it exists for all."

"The Republican party does not stand for the prosperity produced by the war, but for a prosperity produced by sound American policies, and these are what we propose to have."

PREPAREDNESS.

"Do not let us get this country into a low patriotic plane so that we are content with disesteem, with the scorn of the world."

"I am an American citizen, ought to be the proudest title in the world."

CIVIL SERVICE.

"We had in the coast and geodetic survey an eminent scientist. He was displaced to make room for an excellent stock breeder."

"It is the most unworthy thing an administration can do to take public business and pay political debts with it."

NO PROTECTIVE MEASURE FROM DEMOCRATIC CONGRESS.

"You couldn't get a protective measure out of a Democratic congress sectionally organized any more than you could get a revival meeting out of a disorderly house."—From Mr. Hughes' speech at Chicago.

BURSTING A BUBBLE.

The Democrats who sought a criticism from Dr. Charles W. Eliot of Mr. Hughes' acceptance of the presidential nomination got one, but not the kind they wanted. Dr. Eliot was heartless. Instead of helping the Democrats keep the supreme court bubble in the air he picked it with a pin when in his letter he said of Mr. Hughes' action:

"Most Americans will think that, having tried the life of a governor and the life of a justice of the supreme court, he had a right to give effect to his preference for political service."

EDITORIAL COMMENT.

The fact that the Democratic campaign managers have booked Secretary Daniels for a speech in Maine seems to indicate that they have abandoned all hope of carrying the state and simply don't care what happens to the ticket in the September election.

Senator J. Ham Lewis, a spokesman for the administration, in attempting to apologize for the president's mollycoddle expression that we are "too proud to fight," explains that it is an old Latin quotation. But the people already know that it is out of date and the expression of a decadent nation.

"We don't want to maintain a political almshouse," remarked Mr. Hughes to the Night Dakota farmers, and a nation applauds him. Americans are beginning to see a possibility in the near future of regaining their self respect.

This administration seems to have sold everything it could, from the nation's honor down to the smallest rural postmaster's ship.

Secretary Daniels says this is no time for politics. And it's no time for Secretary Daniels either.

Senator Lewis, defending the president on his "too proud to fight" expression intimates that it was due solely to the ignorance of his audience that the popular interpretation that has been put upon it was evolved, and that anyway it didn't mean what it appeared to mean. The latter statement can be taken with some degree of confidence, as it is quite a well known fact that most of the things the president says do not mean what they are supposed to mean.

Secretary Redfield has presented another of those living illustrations of the old adage that "fools rush in where angels fear to tread," with one important modification. The difference in the Secretary's case is that he walked right in and turned around and was kicked right out again.

The Democratic contingent in the Senate is all worked up over the fact that the terms of the treaty for the purchase of the Danish West Indies "leaked out." "Fillicious publicity," you understand, has been consigned to the scrap heap with a large assortment of valiant other Democratic policies and promises.

Housewives in need of pork recipes should address the Wilson administration.

Mr. Wilson has made no reply to the charges of Mr. Hughes. Is he still too proud to fight?

By the way his opponents are abusing him, it is evident that Mr. Hughes has touched them on the raw.

No apology which the Wilson administration can make for its futile and irritating Mexican policy will satisfy the American people. It has lacked conspicuously the two characteristics which Hughes promises—a friendly spirit and a firm hand.

Pitiless publicity, says Mr. Hughes; have a heart, say the Democrats.

Of Mr. Wilson it may be said he meant well, but he now finds himself buried under the evidence of inefficiency that Mr. Hughes has brought forth.

There are those who assert that Woodrow Wilson is a clever politician. But how do they account for his remark to a committee of women, calling upon him, to the effect that if they made suffrage "the paramount issue of this campaign," he would "lose all respect for them?" The women of the enfranchised States assert that this threat will cost Wilson the presidency.

Secretary Daniels, however, has the distinction of being one of the greatest arguments the Republicans have ever had.

The salary part of the rural credit system has already begun.

Mr. Bryan thinks Mr. Hughes is fitted for the bench because of the prejudiced frame of mind evinced by his speeches. Waka up, Bill, he ain't running for no judgeship.

Mr. Wilson underestimated the suffragists; but it appears they have him sized up properly.

Ill fares the land where public office is bought and the people are sold.

The high fragmentation of, those Hughes bombs is causing consternation in the Wilson trenches.

Bainbridge Colby is almost as violent in his criticism of Mr. Hughes as he was in condemnation of Mr. Wilson's position on Panama two years ago.

Of course President Wilson has a perfect right to change his mind as often as he pleases, but that is quite different from repudiating distinct promises made to get votes. If the pledges on which he rode into the White House have proved worthless because he changed his mind, what faith is to be put in the pledges he is now making in his appeal for re-election?

KY. COAL FOR SOUTH AMERICA

Louisville, Ky., Sept. 11.—A plan to ship eastern Kentucky coal to South America, where big prices are being paid for fuel at the present time, is being formulated by a group of Kentucky and Virginia capitalists. It is proposed to spend \$50,000 for publicity in an effort to attract the attention of Wall street business men and to have congress enact legislation calculated to improve shipping facilities between the two Americas.

The coal trade with South America formerly was controlled by England and Germany, and it is proposed by the Kentucky-Virginia group to capture the business while the two European nations continue at grips.

Co-operation is being afforded those interested in the project by the Louisville board of trade, which is working in connection with the Hamilton business men's organization.

Should this be done it will give a much better home market for Western Kentucky coal and there will consequently be increased activity in this coal field.

Constipation the Father of Many Ills

Of the numerous ills that afflict humanity a large share start with constipation. Keep your bowels regular and they may be avoided. When a laxative is needed take Chamberlain's Tablets. They not only move the bowels but improve the appetite and strengthen the digestion. Obtainable everywhere.

Let This Fact Sink in Your Brain

When you have read through this issue of the paper just like time enough to let one fact sink into your active brain. The paper on which this issue was printed has cost us approximately double what it cost us two years ago. The ink we use is away up in price. The oil that keeps the press revolving is up in price. The power that moves the machinery is sky high. In fact, every item of expense is up in the clouds and many are away above them, and every item of expense means just that amount of money right out of our pocket. A great many subscribers are in arrears on subscription, and we need that in order to meet the rapidly increasing cost of producing this paper. It is simply unthinkable on your part, we know but own creditors do not recognize that word. It don't go with them for an instant. Do we get "ours," brother?

Forget Your Aches

Stiff knees, aching limbs, lame back make life a burden. If you suffer from rheumatism, gout, lumbago, neuralgia, get a bottle of Sloan's Liniment, the universal remedy for pain. RINGLING BROS.

COMING THIS WAY

World's Biggest Circus and Spectacle "Cinderella" at an Early Date.

Announcement is made that on Saturday, Sept. 30, Ringling Bros. circus will give afternoon and night performances at Hopkinsville.

The famous showmen are this season presenting an all new and wonderful program. The tremendous fairyland spectacle, "Cinderella," will appeal to both young and old. More than 1000 persons take part in it. It is easily the biggest spectacle Ringling Bros. have ever staged and its glorious "Ballet of the Fairies," with 300 dancing girls, is in itself worth going many miles to see. Following "Cinderella," 400 acrobatic artists appear in the main tent program. Because of the great European war the Ringlings have secured scores of circus performers never before seen in America. An entire trained animal show has been made a part of the main tent program this season. The menagerie now numbers 1000 wild animals. The elephants, including "Big Ben," the earth's largest pachyderm, have been increased to 41 and almost 500 horses are carried. There will be 60 clowns and a big free three mile street parade show day morning.

A Texas Wonder

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of bladder troubles, removing gravel, the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist will be sent by mail on receipt of \$1.00. One small bottle is two months treatment and seldom fails to perfect a cure. Send for testimonials from Kentucky and other States. Dr. F. W. Hall, 2926 Olive St., St. Louis, Mo. Sold by all druggists.

What About The Two-Legged Shark

We have been reading a lot lately about those man eating sharks that suddenly appeared along the Atlantic coast and frightened the bathers from the water. But we note, without surprise, that not a chirp is vouchsafed regarding the two-legged sharks that infest the bathing beaches and devour the young girls who daily fall into their clutches. But, then, the two legged shark is socially, politically and financially powerful and it would be extremely discourteous and unwise to disturb him in the enjoyment of his "innocent pastime." A shark is a shark, but his status is qualified by the breed.

Clear Bad Skin From Within

Pimples, muddy complexions are due to impurities in the blood. Clear up the skin by taking Dr. King's New Live Pills. Their mild laxative qualities remove the poisons from the system and brighten the eye. A full, free, non-gripping bowel movement in the morning is the reward of a dose of Dr. King's New Live Pills the night before. At your Druggist 25c.

A Woman's Problem

How to Feel Well During Middle Life Told by Three Women Who Learned from Experience.

The Change of Life is a most critical period of a woman's existence, and neglect of health at this time invites disease and pain. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Read these letters:—

Philadelphia, Pa.—"I started the Change of Life five years ago. I always had a headache and backache with bearing down pains and I would have heat flashes very bad at times with dizzy spells and nervous feelings. After taking Lydia E. Pinkham's Vegetable Compound I feel like a new person and am in better health and no more troubled with the aches and pains I had before I took your wonderful remedy. I recommend it to my friends for I cannot praise it enough."—Mrs. MARGARET GRASSMAN, 700 N. Ringgold St., Philadelphia, Pa.

Beverly, Mass.—"I took Lydia E. Pinkham's Vegetable Compound, for nervousness and dyspepsia, when I was going through the Change of Life. I found it very helpful and I have always spoken of it to other women who suffer as I did and have had them try it and they also have received good results from it."—Mrs. GEORGE A. DUNBAR, 17 Roundy St., Beverly, Mass.

Erie, Pa.—"I was in poor health when the Change of Life started with me and I took Lydia E. Pinkham's Vegetable Compound, or I think I should not have got over it as easy as I did. Even now if I do not feel good I take the Compound and it restores me in a short time. I will praise your remedies to every woman for it may help them as it has me."—Mrs. E. KISSINO, 931 East 24th St., Erie, Pa.

No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass. Such letters are received and answered by women only and held in strict confidence.

KENTUCKY NEWS CUT TO THE QUICK FOR BUSY READERS

The first railroad in Clay county is near completion.

The Federal Loan Board, scheduled for a hearing in Louisville September 23, has postponed the meeting until some time in November.

The Louisville public schools have opened for the winter session with an attendance of more than 25,000 pupils.

A county unit vote on the liquor question will be held in Marion county in December. Lebanon is the county seat, with four saloons.

The merging of the Standard and First National Banks of Maysville has been announced. The new institution will have nearly \$1,000,000 deposits.

During the first month under the operation of the workmen's compensation law 1,160 claims have been filed with the board.

After two years' work, the construction of the north end of the Dixie Highway, from Elizabethtown to the Hardin-Jefferson line, at West Point, has been completed.

Harry S. Irwin, member of the Fifty-seventh congress from Louisville and Railroad Commissioner of Kentucky in 1895, died of appendicitis at Vienna, Va.

Mr. and Mrs. E. F. Boyd, of near Maysville, celebrated their golden wedding anniversary last week and it developed that neither had ever taken any kind of medicine.

Gov. Stanley has pardoned "Babe" Brown, a negro sentenced to the penitentiary for life for murder in Louisville. He was once sentenced to death.

Dr. T. R. Welch, of Nicholasville, was the unanimous choice of the State Tuberculosis Commission in his election for secretary. He is the brother-in-law of Governor A. O. Stanley.

The five-year-old son of Mr. Hiram Burden, who resides in Paris, was instantly killed when the top of a buggy, in which he was playing, fell, striking him on the head and breaking his neck.

The celebrated Orphan Brigade will hold its 34th reunion September 27-28 at Hopkinsville, according to official notices sent out by Gen. W. B. Haldeeman, head of the brigade. This is the 45th year of the organization.

Luther Pence, 35 years old, of Frankfort, was instantly killed, and four men riding with him in an automobile were seriously injured when the car turned over three times Sunday morning, near Simpsonville, in Shelby county.

During a recent night a thief entered the police court room at Maysville and stole three gallons of whiskey that had been confiscated. It was in pints and quarts and had been placed in an unusual vault as evidence against several alleged bootleggers.

In a speech to prisoners at chapel exercises in the reformatory at Frankfort, Governor Stanley denounced pardon brokers and attorneys who accept fees, unknown to the governor, to secure pardons and said he would have prosecuted any case reported to him.

Thirty cases of typhoid fever in Lexington prompted the Board of Health to issue a warning to citizens to hold all water used for drinking purposes. Drastic steps will also be taken to compel dairymen to improve the quality of milk sold.

The State Tax Commission appointed by Governor Stanley held a conference on the draft of a new revenue measure. It is probable that a special session will be called by Governor Stanley to meet about the middle of November.

The coal operators of the Eastern Kentucky fields are beginning an active campaign for the opening of a road to the coast, in order that the operators may ship coal consigned to South American ports without prohibitive freight rates.

Johnson N. Camden, of Woodford county, formerly United States senator, was taken to New York, where he will undergo a course of treatment for heart trouble and complications. His health has been breaking for several months. He is the wealthiest man in Kentucky.

Thur Circuit Judge Flem D. Sampson, of Whitley county, "has taken many liberties in suspending fines," is the charge made in a report by State Inspector and Examiner Nat B. Sewell, filed in Frankfort. Mr. Sewell suggests the enactment of a law to remedy the situation.

The Kentucky National Guards are camping on the Fort Bliss reservation, eight miles from the Mexican border. Five Kentucky elites—Paducah, Wickliffe, Middletown, Dover and Ashland—are rivals for the new armor plate plant to be established by the Federal government.

The Western Kentucky and Tennessee Hatters' Association was organized at Martin, Tenn., composed of representatives from many towns and cities in that section. The high cost of flour and other ingredients of bread will be considered in relation to the size of a loaf of bread.

Prof. T. J. Cones was selected by the Board of Regents to succeed Prof. J. C. Crabbe as president of the Eastern State Normal School at Richmond. Prof. Cones for five years has been Superintendent of Rural Schools in Kentucky, and before that was Superintendent of Public Schools at Richmond.

Waters of the Elkhorn, the famous bass stream near Frankfort, are being polluted, according to the reports received by J. Q. Ward, executive agent of the Game and Fish Commission, by a dyo works, and dead fish by the hundreds of pounds are found in the stream. Mr. Ward probably will take immediate steps to protect the stream.

Under a migratory bird treaty between the United States and Canada, reported to have been already ratified, Kentucky sportsmen will be out of Jacksnipe and water fowl shooting for several years. Jacksnipe in this section can be shot only in the fall, when they pass over Kentucky going south, generally at night.

The impression has gone abroad over the State that the last General Assembly amended the dog tax law, and Attorney General Logan says he has received numerous inquiries as to whether one dog to each household is exempted under an act of 1916. He replied that the dog tax law stands unchanged.

Attributing his long life to regular habits, the constant use of tobacco, which he regards as a body disinfectant, and the fact that he never took a dose of medicine in his life, "Uncle Johnny" Helton celebrated his one hundred and first birthday at his home near Sideview, Montgomery county.

Tobacco growers are offering \$2.50 to \$3.50 per day and board for laborers to assist in cutting and housing the largest tobacco crop grown in Henderson county in ten years. Few have been successful in getting laborers, as hundreds of negroes who annually assist in harvesting the tobacco crop, have gone to northern points to work on railroads.

Declaring themselves in favor of a complete system of roads in the Southern Appalachian states, of uniform bond legislation in all states, uniform bond issues, co-operation in all road work, systematic marking of all roads and other important recommendations, the Southern Appalachian Good Roads Association adjourned their convention, which met in Lexington.

The new compensation inspection rating schedule was accepted formally by the Workmen's Compensation Board. Under this system the same maximum credit of not exceeding 40 per cent of the basic insurance rate on any industry is allowed for good safety conditions disclosed by an inspection of the plant, as was possible under the merit-rating schedule formerly in use.

William Russell Allen, president of the American Trotting Register Association and a former member of the Board of Review, National Trotting Association, is dead at his home in Pittsfield, Mass. Death was due to apoplexy. For a quarter of a century rooms 24 and 25 at the Phoenix Hotel, Lexington, had been reserved for him, and they had already been reserved by letter for the trots this fall.

After refusing the attention of a doctor's services which was tendered to him free, Hiram Combs, aged 59 years, died at his home near Douglas. When he realized that he was near death he ordered his family to leave him alone in the room without a light. He had made all arrangements for his death, such as preparing his clothes and buying the material for making the coffin, which was by the death-bed.

The German-American Alliance adjourned their annual meeting at Frankfort, having adopted resolutions protesting "against unjust slander against our race," and saying, "Our forefathers, as well as we, have done and are doing our part toward the development and prosperity of this, our country, and we make a united stand against the malicious attempts to sow discontent among our people by advocating race prejudice."

A government report estimates that the crows which roost in Central Kentucky number high in the thousands, and there are extensive roosts near Harrodsburg and Guthrie. The most favored haunt seems to be near Versailles, where government experts estimate their number at about 1,000,000 birds. These birds make daily flights for miles in search of food, but their clamor nature causes them to seek a common roosting place.

West Virginia oil and gas men have become greatly interested in a new find of oil at Irving, near Louisville. Producers say that the main inducement for them to take a chance at striking oil in the Kentucky field is that a well can be drilled for about \$500, as petroleum is found only 300 feet deep. In West Virginia it costs five or six times as much to drill a well as in the Kentucky field. It is claimed.

The opening guns of the Democratic campaign in Kentucky were fired at Winchester, Saturday, when Vice President Thomas Riley Marshall, Congressman Thomas Heflin, of Alabama, and Rufus Hardy, of Texas, delivered what were said to be three of the strongest Democratic speeches ever heard in the old commonwealth. Governor A. O. Stanley, Representative Fields, of the Ninth Kentucky district, and State Campaign Chairman Congressman J. Campbell Cantrell, also addressed the crowd. The attendance was placed at 20,000, with every county represented.

A gift of \$10,000 to Berea college has been announced from the late James Talcott, of New York city. It is a part of a total pledge for \$40,000 for the erection of a girl's dormitory, the work on which is progressing rapidly, with the expectation that the structure will be ready for occupancy January 1, 1917. The opening of Talcott Hall for the housing of a hundred young women will be one of the most important steps in Berea's present endeavor to secure adequate shelter and equipment for its great constituency from "the mountain ends of eight southern states."

GOOD TIME TO IMPROVE ROADS

This is a mighty good time for everybody to get busy and improve our country roads. Winter will be coming along soon and then we will be again lamenting the fact that the roads are muddy and rough, and "getting worse all the time." Of course they will be muddy and rough, but we can keep on getting worse, unless we buck up ourselves and get out and do something worth while. We have never yet seen a fellow who was not willing to get out his hammer and knock when the subject of country roads is mentioned, but very few of them are willing to use a shovel, or a spade, or a scraper. If we had more do and less talk we would have good roads everywhere and the family hammer could be put to better use.

Catarhal Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface of the system.

We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists. 75c.

A Card to Owners of Rural Telephone Lines

We are anxious to see that all lines owned by other parties and connected with us are kept in such condition as to furnish efficient service. Where the owners of rural lines are responsible for their upkeep, we want to co-operate with them.

All lines require a thorough overhauling occasionally if the best service is to be obtained. We recommend that every line connected with us be overhauled at least once a year, and that at least one experienced telephone man assist in this work. The cost of this work when divided among all the patrons of the line, makes the amount paid by each man small, and this cost will be more than offset by the improved service.

If the owners of rural telephone lines in this section are experiencing trouble with their service, we will appreciate their talking the matter over with our Manager or writing us fully. We will gladly do what we can toward helping you improve the condition of your line.
